Important information about the auction

MennrathS live^{plus} Hybrid auction – How it works! →
([Video tutorial](#))

We kindly ask you to register for this auction, regardless of whether you wish to bid live on site or online. The following steps are required:

1. Auction registration

Please set up a customer account on the MennrathS auction website at <http://www.mennraths.de> by registering with your full details. Setting up a customer account is a one-time process and does not involve any obligations or costs.

2. Auction registration / Bidder number

Once you have created a customer account, you can register for this auction in your customer account and request a bidder number.

You now have a choice: Do you want to **bid live on site** or do you want to place your bids **online** in real time during the auction?

Bidding live on site: Request a bidder number for this auction in your customer account. Once it has been activated by MennrathS, you can print out your bidder number from your customer account.

Bidding online in real time: If you are not on site on the day of the auction, you have the option of bidding live in real time via the internet. If you wish to bid online, we ask you to deposit a security deposit of 1.000 euros in advance.

You have the following options for depositing the security deposit:

- a) by reservation on your MasterCard / VISA / JCB card
- b) by bank transfer to the auction account

Once the deposit has been paid, you will be activated for online bidding by MennrathS and you can bid online in real time during the auction.

If you do not purchase a horse, the deposit will of course be refunded to you immediately on the next working day after the auction. MennrathS guarantees that your money is always safe – that's a promise!

3. Payment options

For information on our payment options, please refer to point 4 of the auction terms and conditions. For security reasons, EC cards often have restrictions on the payment amount (daily limit). We would like to point out that you often have the option of adjusting your individual daily card limit for the 'girocard' payment method in advance with your bank. Please note: With some banks, the change may take some time.

4. Service

All customers have the option of continuing to raise their young horses at the Klaaßen farm.

A word in advance

Dear guests and interested parties,

Here it is – the catalogue for our 3rd farm auction, and we cordially invite you to visit us at our farm in Bocholt on August 30.

Our young horse breeding facility is home to approximately 140 young horses and 40 brood mares. Around 180 hectares, perfect pasture management and large open stables ensure optimal breeding conditions for our horses. Here, our horses grow up naturally.

We have put together a fantastic auction lot for our 3rd farm auction, consisting of horses that have already been placed, broken-in horses and young horses, foals with highly interesting pedigrees and our special ponies.

We offer high-quality young horses for competitive sport, as leisure partners or as schooling horses. Everyone can find their dream horse here!

We hope you enjoy exploring the catalogue and we are happy to answer any questions you may have.

Warm regards,
Family Klaaßen

Modern dressage bloodlines combined
The sire Valdiviani completed his licensing as a premium stallion and received top marks in both the 14-day test and his sport test. In 2023, he placed fifth in the final of the World Championships for young dressage horses and is currently successful under the saddle of Isabell Werth.
The dam Darkshine Dana (cat. no. 19) is herself placed up to Dressurpferde L. She is a daughter of Damon, who in turn is a son of the world-famous Damon Hill under Helen Langehanenberg. The third sire is Lord Loxley I, who ranks among the top 1% of dressage sires according to the FN and advanced to become a serial winner in advanced dressage tests in the Rhineland under Heiner Schiergen.

Highly successful bloodlines in a nutshell

Sire Levisto was highly successful up to 1.60m under Judy Ann Melchior. He brought 38 licensed stallions and 14 offspring who are themselves successful up to 1.60m.

Dam St.Pr.St. La Bella Luna was successful up to 1.40m, as well as her dam Chiclana by Calido I, who is also a three-time stallion dam, of which Chirivell by Calato and La Calido by Lord Lancer are successful up to 1.50m. Dam's sire Lord Lancer was highly successful up to 1.60m under Jessica Kürten.

The third dam, Granni Smith (by Grannus), brought not only Chiclana but also Larafina by Lord Lancer, who was successful up to 1.40m.

Modern and proven performance bloodlines come together

Sire Chacoon Blue (1.50 m) impresses with an excellent pedigree, great jumping ability and promising young offspring.

The dam Anaconda is the dam of Kat. No. 1, 5, 9, and is sired from Arpeggio, the sire of 210 offspring in advanced equestrian sports, with 19 licensed stallions and 42 state premium mares.

Anaconda herself already has two offspring that are successful up to 1.45 m (Corny by Cornet Obolensky & Kameera by Kannan). Anaconda's full brother (A Pleasure) was victorious in advanced (1.40m) level show jumping, another full brother (All Pleasure) was licensed in Westphalia and placed up to 1.35m.

From the third sire, the double Olympic champion For Pleasure (1.60 m), an exception in terms of sport and breeding, 69 licensed stallions, 29 state premium mares and over 200 offspring with successes up to 1.40 m and more are registered in the FN.

International dressage blood by world champion Kjento

Sire Kjento spectacularly became World Champion of 6-year-old dressage horses in Verden in 2021 under Charlotte Fry and won the Prix St. Georges at the CHIO Aachen in 2024. Through his sire Negro, who is also the sire of Olympic champion Valegro, excellent dressage genetics come together in the further lineage via Jazz and Juventus. The dam, St.Pr.St. First Lady, is sired by the Grand Prix successful Fidermark NRW. She herself produced the Grand Prix successful mare Rosamunde by Rock Forever I under Steffen Peters (USA), as well as the Inter I successful premium stallion Acheron by Ampere. The second dam, Royal Tough, also brought an Inter I successful offspring in Fynnemann by Fidentanz.

A son of the impressive black stallion Lord Europe

Lord Europe impressed with his quality at the Hanoverian Stallion Show. He also impressed at his performance test in Denmark with his temperament and willingness to perform. He underlined this in 2023 with his victory with 95% in the Nuremberg Burgpokal finals. Dam's sire Morricone I established himself in S*** in 2021 under Lena Hassmann with victories in Verden and Hagen and a third place in Balve. He has now made his way into Grand Prix sport. The third sire, De Niro, is a stamp stallion in dressage horse breeding. He also won international Grand Prix successes. He stands out in particular for his breeding performance. Over 250 of his offspring are successful in advanced dressage, 120 stallions have been licensed and more than 200 daughters have received the state premium.

A daughter of the legendary Taloubet Z!

Taloubet Z won €2 million in prize money during his career. Although he covered only a few mares due to his sporting career, 40 of his offspring are successful at international level up to 1.40m and higher. His licensed stallion Take a Chance on me Z is highly successful up to 1.50m and won, for example, the 5* Grand Prix of the Global Champions Tour in Paris.

Dam Alina is the dam of cat. no. 10, 11, 30 and was herself victorious in high-level show jumping. She is a daughter of Askari, the sire of world champion DSP Alice and many other show jumpers who have collected ribbons in high-level show jumping. Askari himself, like his third sire Saccor, was successful in high level show jumping. These successful stallions and their offspring, who are in no way inferior to them, round off the pedigree.

Oldenburg dressage genetics with Hanoverian quality blood

Sire Si Bon completed his stallion and sport test with high marks and was one of the best four-year-olds at the Oldenburg Championships. He is currently successful in dressage horse tests at M level. He is a full brother to five Bundeschampions. His dam C'est Bon is a state premium and elite mare and comes from the Cinderella line. She is also the dam of the state stud stallion Sir Heinrich. Her offspring not only made history at the Bundeschampionate, but were also successful at the World Championships for Young Dressage Horses and up to high level dressage. Dam Favorita is a full sister to the licensed stallion Fontaine TN. Her sire Finest is by the Inter I successful Fürstenball and the Grand Prix successful Wie Weltmeyer and has 20 licensed stallions and 5 Grand Prix successful offsprings. This dressage genetics is completed by the Inter I successful Fürstenball, who in turn goes back to the world-renowned sire Donnerhall.

Top Dutch genetics meet top German bloodlines

Sire Jameson RS2 already impressed at his licensing, went on to win the Pavo Cup and also made a big impression at the World Championships for Young Dressage Horses. His pedigree combines the world-class dressage horses Zack by Rousseau x Jazz, as well as Negro and Krack C. In the first three generations of Jefferson's pedigree alone, there are five internationally successful top dressage horses. Dam's sire Escolar, the Estobar NRW - Fürst Piccolo son, is currently making breeding history with his offspring. He already has over 50 licensed stallions and more than 10 internationally successful Grand Prix offsprings.

Modern breed out of an excellent dam line
 Sire Chacoon Blue was successful up to 1.50m under Phillip Rüping and impresses with an excellent pedigree, a great style at the jump and promising youngsters, including 45 licensed stallions.
 The dam Unity is by Up to Date (1.60 m), who was successful in the most difficult show jumping classes with Michael Whitaker, and is the full sister to Urania (1.45 m) and two licensed stallions. The great-granddam Politess also brought a licensed stallion (by Araconit) and two offspring who attracted positive attention in top-level show jumping: Limelight (by Ludwigs As, successful up to 1.45m) and Raphaelo (by Raphael, 1.40m winner and also full brother to the granddam Raphaela).

Type inheritance in a nutshell

Sire Mistral is a son of the Trakehner elite stallion Millenium, who is successfully presented under Simone Pearce (AUS) at Inter I level and is the half-brother of the Olympic champion Dalera TSF. Millenium was one of the top 20 dressage sires in the WBFSH ranking in 2024. His sire line goes back to the magnificent Trakehner stallion Gribaldi via Easy Game. The pedigree of the dam's sire Mon Dieu by Michealangelo (S-level dressage) goes back to the magnificent dressage sire Gribaldi. His line goes back over Easy Game to the great Trakehner stallion Gribaldi. The pedigree of the dam's sire Mon Dieu by Michealangelo (S-level dressage) goes back to the great dressage horse sire Donnerhall, who was successful in Grand Prix under Karin Rehbein and continues to have a significant influence on dressage horse breeding to this day.

Two movement talents combined in one pedigree

The sire Vitalis was the winner of the Nuremberg Burg Pokal Final. Highly popular in breeding, he can already look back on 36 offspring with success in high-level dressage, 43 licensed stallions and 35 state premium mares, all at the young age of only 14. The dam's sire Escolar was one of Germany's best combinations in the dressage ring with his rider Hubertus Schmidt. The tall bay stallion inspires with his exceptional mechanics in his movements.

From a valuable Dutch dam line

Sire Flint is the son of Hanoverian and Bundeschampion as well as World Championship bronze medallist Fürsten-Look, who is now victorious in the advanced class. Grandfather Fürstenball was also Bundeschampion and Stallion of the Year in Denmark and later victorious up to Inter I.

Dam's sire Neos van't Vossenhof is sired by none other than KWPN top sire Numero Uno, who was himself successful in international show jumping with Marco Kutscher. But even more impressive than his own performance is Numero Uno's breeding performance. An incredible 683 of his offspring are successful up to 1.40m and higher, 83 of his offspring are successful at 1.60m. The pedigree is completed by the Holstein stallion Corleone by Caletto II and the valuable dam line of Merrieliijn 213.

Donnerhall in the dam line is always an option

Sire Flint is the son of Hanoverian and Bundeschampion as well as World Championship bronze medallist Fürsten-Look, who is now also victorious in the high level class. Grandfather Fürstenball was also Bundeschampion and Stallion of the Year in Denmark and later victorious up to Inter I level.

The pedigree of the dam's sire Dijon, who is sired by the great dressage horse sire Donnerhall and was successful in Grand Prix under Karin Rehbein, continues to have a significant influence on dressage horse breeding to this day. In the third generation, he gets that certain blood connection over the thoroughbred Andino xx and the important Ramiro Z son Zeoliet.

Successful sport mare with excellent genetics and outstanding offspring

Darkshine Dana is herself placed in Dressurpferde L and has several offspring in this auction lot (cat. no. 3 Vantasia AK, cat. no. 31 Futrehead AK).

She is a daughter of Damon, who in turn is a son of the world-famous Damon Hill by Donnerhall, ridden by Helen Langehanenberg.

Dam's sire Lord Loxley I ranks among the top 1% of dressage sires according to the FN and became a serial winner in top-level dressage in the Rhineland under Heiner Schiergen.

In the third generation, the Rhineland stallion Ehrentusch by Ehrensold - Rheingau underpins the performance pedigree.

Out of the Holstein line of Contagio

Sire Keaton impresses both with his own international sporting successes up to 1.50m and with his breeding performance. His sire Kannan has been one of the top sires in show jumping breeding for over many years.

Dam Tiffany XIII has already brought two successful 1.40m offspring with Harvey by Baloubet du Rouet and Querida de Reve by Quidam de Revel.

Dam's sire Lancer II was Holstein Champion Stallion of 1988 and is one of the most important Landgraf I offspring. He has 35 licensed stallions and 32 offspring that are successful up to 1.60m. The Holsteiner pedigree of line 579 is completed by the sires Cassini I (1.60m) and Cabinet I (1.60m).

Gelding with great offspring

Teddybär AK is the sire of two beautiful foals, cat. no. 35 Teddy de Luxe AK and cat. no. 36 Tito Ak.

His sire Jack Boy N is a premium stallion and was the winner of the Schleswig Holstein stallion licensing with top stallion performance test results. In 2012, he came third in the Bundeschampionat for 6-year-old dressage ponies. He has been successfully competed in dressage up to class L and in show jumping and eventing in class A. In 2017, he sired the winning stallion at the licensing in Denmark.

Premium stallion Vjento presents
 Vanity AK won the gold medal on her show.
 Sire Vjento was premium stallion at the 2023 Hanoverian licensing, won a young horse class at the age of 3 and finished third in his short dressage test at the beginning of 2025 with a dressage-focused final score of 8.56. His sire Valdiviani was fifth in the 2023 World Championships for Young Dressage Horses. Dam's sire Fürst Wilhelm was himself successful at Inter I level and is by the Westphalian sire Fürst Heinrich. The Hanoverian dam line of Noprara (born 1885) is marked by the top performers Brentano II, Kronenkranich xx – once again Bolero and Duellant.

Exceptional pedigree with breeding significance

Premium stallion Escaneno is the sire of this beautifully presented filly. At the 2024 Bundeschampionat, he was in the final of the 5-year-old dressage horses. His sire is the Rhineland premium stallion Escamillo, who in turn goes back to the top dressage horse sire Escolar by Estobar NRW. Dam's sire Morricone I established himself in S*** in 2021 under Lena Waldmann with victories in Verden and Hagen and a third place in Balve. De Niro is a stamp stallion in dressage horse breeding. He also enjoyed success in international dressage competitions. His breeding performance is particularly outstanding. Over 250 of his offspring are successful in advanced dressage, 120 sons have been licensed and more than 200 daughters have received the state premium.

International blood by the best show jumping sires

The sire Agino Z is just 7 years old and already successful at international level with Caroline Müller. His sire Aganix du Seigneur, who was successful up to 1.60m with Jos Lansink, has long since made a name for himself as an outstanding sire. In addition, Agino Z's dam's sire Cumano was also highly successful with Jos Lansink, winning the World Championships in Aachen in 2006.

Diathago, the Warendorf state stud stallion as dam's sire, who was successful up to 1.55m with Marcus Ehning, is out of the 1.60m successful Diamant de Semilly out of a Carthago (1.60m) - Stakkato (1.60m) dam.

Dam Diamanda has two full sisters placed up to 1.40m, Dakota 489 and Diamanta. The third dam Jacqueline has four offspring up to 1.40m, 1.45m and 1.50m.

A pedigree to fall in love with

Sire is the 9-year-old Lamaze TN, premium stallion and himself successful internationally up to 1.45m. He has an outstanding performance pedigree. His sire Grandorado TN was seventh in this year's World Cup Final in Basel, successful in Rotterdam and Aachen, and won the Grand Prix in Valkenswaard a few weeks ago. Lamaze TN's dam brings 6 international horses, 3 of them licensed, and his granddam brought 7 offspring with international results. The dam, Anaconda sired by Arpeggio, who has 210 offspring in the international sport. Anaconda herself has 2 offspring successful up to 1.45m (Corny by Cornet Obolensky & Kameera by Kannan). Anaconda's full brother (A Pleasure) was successful up to 1.40m, another full brother (All Pleasure) was licensed in Westphalia and placed up to 1.35m. From the third sire, For Pleasure (1.60m), who is an exceptional athlete and sire, the FN registered 69 licensed stallions and more than 200 offspring with successes up to 1.40m and higher.

Translation of the german terms & conditions

This is only a translation of the german terms & conditions. Only the german version is valid.

By using our auction services – in particular by placing a bid – you agree to these terms and conditions. We therefore recommend that you review them in advance.

1. General Provisions

- 1.1. This auction is a freely accessible public auction within the meaning of § 383 (3) BGB (German Civil Code) and § 474 (1) sentence 2 BGB, in which the horses are sold as “used goods” within the legal meaning. The provisions on consumer goods sales (§§ 474 et seq. BGB) do not apply.

Accordingly, the legislator requires us to explicitly draw the attention of buyers acting as consumers to the consequences of this fact.

This means for the buyer that the agreed condition (“Beschaffenheit”) of the horses sold is determined exclusively by the conditions set out below, i.e., in particular, there is no intended use presumed under the purchase contract concluded by the knockdown (“Zuschlag”), and the seller does not warrant that the purchased item is suitable for the use intended by the buyer.

Likewise, the seller is not liable for the usual condition of the horses sold, because – unlike in a consumer goods sale – the sale is made with the exclusion of any warranty.

The seller is also not obliged to ensure that the horses sold retain their required functions and performance under normal use at the time of transfer of risk. These limitations apply regardless of the purchase price paid.

The buyer of a horse purchased here may therefore not claim that a certain characteristic deviates from the objective requirements. Unlike in a consumer goods sale, these conditions also provide for a shortening of the limitation period for the buyer’s claims, which would be completely inadmissible in a consumer goods sale.

The buyer also may not assert defects that were apparent to him before the conclusion of the purchase contract.

Furthermore, the buyer does not have the reversal of the burden of proof provided for in consumer goods sales, in the event that a defect becomes apparent within six months. The buyer must in any case prove, in order to assert his rights, that the defect already existed at the time of transfer of risk.

- 1.2. Where restrictions may arise because interested parties do not wish to enter the auction room, these can be compensated for by the option of participating in the auction via the internet. To supplement the offer opened by the freely accessible public auction, buyers may therefore be given the opportunity to place bids also and/or via telephone and by using the internet. For such bids, in addition to these auction terms and conditions, the conditions set out in the annex apply.
- 1.3. The organiser of the auction (hereinafter “Organiser”) on 30 August 2025 is Raulf Auktionen GbR, acting on behalf of and with authority from Andreas Klaaßen, Takenfeldweg 21, 46399 Bocholt (hereinafter referred to as “Seller”).
- 1.4. By placing a bid or submitting a written purchase offer, the bidder (always referred to as the “Buyer”) acknowledges the foregoing terms and conditions. Should any provision be legally invalid, the remaining provisions shall remain in force. The parties hereby agree in advance to replace the invalid or unenforceable provision with a provision that is valid and/or enforceable and comes closest in economic effect to the invalid provision and to the intent of the parties at the time of contract conclusion.

Each bid on a catalogue number constitutes a legally binding offer to conclude a purchase contract, which remains effective until it is outbid or the auction is closed without award (“Zuschlag”). With the declaration of acceptance by the auctioneer in connection with the knockdown of the highest bid, a purchase contract concluded by way of auction is formed between the Buyer and the Seller.

1.5. The Organiser is entitled:

- for good cause to change the date of the auction, to postpone the start time of the auction, to determine another venue for the auction, to order an interruption of the auction, to terminate the auction without completing it, or to take similar measures;
- in justified cases to exclude individual persons from participation in the auction, from visiting, and from entering the auction premises;
- to order a bidding ban for certain persons;
- to take all other measures necessary or useful for the interest and conduct of the auction

the Organiser is – even without giving reasons – entitled to reject bids, withdraw items from the auction, combine or split catalogue numbers. In justified cases, the Organiser is entitled to withdraw the knockdown and re-offer the catalogue number.

2. Liability

2.1. Attendance at and participation in the auction is at everyone's own risk. Liability of the Organiser is excluded. Claims for damages and reimbursement of expenses, irrespective of the legal grounds, are excluded. This does not apply to liability for damages resulting from injury to life, body, or health caused by at least negligent breach of duty by the Organiser and/or the Seller, their legal representatives, or vicarious agents, nor to other damages caused by at least grossly negligent breach of duty by the Organiser and/or Seller, their legal representatives, or vicarious agents. In such cases, liability is limited to the foreseeable, contract-typical, direct average damage; in the case of culpable injury to the life, body, or health of the Buyer and for claims under the German Product Liability Act ("Produkthaftungsgesetz").

2.2. The Organiser is liable exclusively for the proper conduct of the auction in accordance with these terms and conditions.

3. Limitation Period

3.1. Claims of the Buyer for damages and reimbursement of expenses, irrespective of the legal grounds, shall become statute-barred three months after they become known. This does not apply to liability for damages resulting from injury to life, body, or health caused by at least negligent breach of duty by the Organiser and/or the Seller, their legal representatives, or vicarious agents, nor to other damages caused by at least grossly negligent breach of duty by the Organiser and/or Seller, their legal representatives, or vicarious agents. In such cases, liability is limited to the foreseeable, contract-typical, direct average damage; in the case of culpable injury to life, body, or health of the Buyer and for claims under the German Product Liability Act.

3.2. In the event that warranty claims are validly asserted, they become statute-barred for entrepreneurs (§ 14 BGB) 14 days after delivery, and for consumers (§ 13 BGB) three months after delivery. This limitation does not apply to claims for damages to body and health caused by a defect for which the Seller is responsible, or based on gross negligence, intent, or fraudulent intent of the Seller or its vicarious agents. In such cases, the statutory limitation period applies.

4. Knockdown

4.1. Bids are to be made in euros, in accordance with the instructions of the Organiser. The knockdown will be given when, after repeating the highest bid three times, no higher bid is placed. If several persons simultaneously place the highest bid, the Organiser shall decide – as in all other disputes – at his sole discretion. This decision is binding.

4.2. The Buyer must pay the knockdown price plus statutory VAT, which will be increased by an auction fee of 10% plus statutory VAT. Immediately after the knockdown, the Buyer must pay the knockdown price plus the auction fee in cash in euros (€) or by EC card at the auction office. For foreign EC cards, an additional fee of 1.1% will be charged. Payment by credit card will incur a surcharge of 3.5% on the final amount. The Buyer has no entitlement to pay by cheque.

4.3.

Example calculation:	
Knockdown	10.000,00€
plus 19 % VAT	1.900,00 €
Auction fee 10 %	1.000,00€
plus 19 % VAT on auction fee	<u>119,00 €</u>
Total amount	13.019,00 €

- 4.4. The sale of the horses is subject to statutory VAT, where applicable. If the Buyer is not liable for statutory VAT, exemption may be granted upon presentation of the required documents. Buyers from EU Member States must provide a VAT identification number and a "Gelangensbestätigung" (proof of delivery) no later than 10 days after the auction. The same applies to VAT on the auction fee. If the required documents are not available by the time of knockdown, the total price including auction fee and VAT must be paid. Upon presentation of the documents for VAT exemption, the retained VAT will be refunded.
- 4.5. The Buyer's identity must be proven with a suitable document (e.g., identity card). If the Buyer does not comply within 30 minutes after the knockdown, the Organiser is entitled, but not obliged, to re-offer the horse during the auction. The first Buyer is liable to the Organiser for refusal to fulfil the purchase contract.
- 4.6. Regardless of the time of transfer of ownership, the risk of any damage or accidental loss passes to the Buyer upon knockdown. The Buyer is obliged to take possession of the horse immediately after signing the digital purchase slip and making payment.
- 4.7. The Seller transfers ownership of the horse to the Buyer and declares that no third-party rights to the horse are known. The horse's papers will be handed over upon payment of the purchase price.
- 4.8. Persons who bid on behalf of others, whether for consideration or free of charge, always bid and purchase on their own account vis-à-vis the Organiser or Seller and cannot claim to have acted on behalf of third parties, unless they have deposited a valid original power of attorney from their principal with the Organiser before the event.
- 4.9. Subsequent changes to the billing address are only possible in exceptional cases. The billing address is binding as per the Buyer's registration data in their MennrathS customer account. Any changes must be submitted in writing before the auction. Changes after the auction must also be requested in writing and are subject to an administrative fee of € 50.

5. Auctions Goods

- 5.1. The horses offered for sale will be presented in hand, at liberty, or under saddle. Any height specifications are approximate values; deviations from the actual height are possible. Information on the pedigree and training level of the horses to be purchased has been prepared to the best of our knowledge and belief. No warranty is given for this information. In particular, information on the training level or riding promotion does not constitute an agreed condition ("Beschaffenheit"). All horses have an equine passport and, where issued by the relevant association, a certificate of ownership. The Organiser and Seller do not guarantee the accuracy of the contents of these documents. Based on the documents presented, each horse has been clearly identified. For a purchase decision, only the presentation of the horse in the auction ring ("visual inspection") is guaranteed.
- 5.2. The horses have generally not been examined by a veterinarian. If a veterinary examination is reported during the auction, this does not constitute an agreement on condition. This information is provided solely to assist the Buyer in making a purchase decision. Any existing reports of clinical and radiological examinations and findings are available to Buyers, their authorised representatives, and veterinarians engaged by them for independent review, assessment, and verification before the auction. The reports may contain information on

physical conditions of the horses deviating from the norm. Veterinarians provide their services independently. The reports and statements of veterinarians do not constitute a condition owed by the Organiser or Seller. Veterinarians are not vicarious agents of the Seller or Organiser.

- 5.3. No declaration is made regarding the suitability of the auction goods for the purpose intended by the Buyer or for training for such purpose. Suitability for the Buyer's intended use and any other characteristics are therefore neither expressly nor implicitly assumed. There may be obstacles to suitability that are not visible at knockdown and may only become apparent later, possibly only during training or sporting use. Training alone places high demands on the mental and physical resilience of the horse. Whether the auction goods will meet these demands is uncertain at the time of the auction. The same applies to breeding suitability.
- 5.4. The Buyer must therefore weigh and decide, based on the characteristics of the auction goods which he can determine through inspection, whether and how he wishes to use them. It is the Buyer's responsibility to assess or have assessed the horse before knockdown, either personally or through a veterinarian or other expert of his choice, regarding all essential characteristics and qualities. Apart from the condition described above, the horse is sold "as seen", with the complete exclusion of any warranty. The warranty liability for legal and material defects of the Organiser and Seller is excluded to the extent permitted by law. This exclusion does not apply to liability for damages resulting from injury to life, body, or health caused by at least negligent breach of duty by the Seller, its legal representatives, or vicarious agents, nor to liability for other damages caused by at least grossly negligent breach of duty by the Seller, its legal representatives, or vicarious agents. Any benefits derived from use are to be set off. In all other respects, the statutory provisions apply.
- 5.5. The exclusion of warranty does not apply where the Buyer relies on a defect resulting from a guarantee of condition or an agreed condition, or where the Buyer was fraudulently deceived. A non-standardised description of the training level of the horse sold by the Seller does not constitute fraudulent intent. It is therefore the Buyer's responsibility to ascertain the actual training level of the horse.
- 5.6. If a prospective Buyer is not certain about his purchase decision, bidding is discouraged.
- 5.7. The Seller assumes no contractual liability beyond the above.
- 5.8. The horses to be auctioned are not intended for slaughter. The Buyer undertakes to keep the horses acquired in a species-appropriate manner and to treat them in accordance with the guidelines for horse husbandry, and in particular to provide veterinary assistance in due time when required.
- 5.9. Ownership passes to the Buyer only after full payment of the invoice amount. Claims of any kind do not entitle the Buyer to withhold the purchase price.

For any disputes, the place of jurisdiction is agreed to be the seat of the Organiser, provided the Buyer is a merchant.

Annex to the terms & conditions for online bidding

In addition to our traditional auction, we invite interested parties and participants to use our online service to follow the auction live in real time and to bid.

For this online service, the “MennrathS live plus Auction”, the following terms apply – in addition to the fully applicable auction terms and conditions:

1. This annex to the auction terms and conditions, entitled “General Terms and Conditions for the MennrathS live plus Auction”, applies to all business relations between Raulf Auktionen GbR, Mennrath 100, 41179 Mönchengladbach (hereinafter “Organiser”) and the participants in a “MennrathS live plus Auction” on the Organiser’s auction platform www.mennraths.de, where these terms can be viewed at any time. They are fully and exclusively binding upon placing a bid, regardless of the method of bidding. These terms also apply when other websites use the www.mennraths.de auction website in such a way as to provide full or partial access to a MennrathS live plus Auction. Any conflicting or deviating terms of participants in a MennrathS live plus Auction shall have no effect, even if their validity is not expressly rejected in an individual case. They are not recognised by the Organiser unless their (partial) validity has been expressly agreed in writing.
2. The MennrathS live plus Auction is a public and voluntary auction of goods from the agricultural sector and horses in the broadest sense. It takes place as a time-limited event under the provisions of the German Ordinance on Commercial Auctions (“Versteigerungsverordnung” – VerstV), the applicable legal provisions of the BGB and HGB, and these auction terms and conditions on the internet auction platform www.mennraths.de, under the direction of an auctioneer personally present during the auction, in euros.
3. Interested parties who cannot attend the auction in person have the opportunity to follow the auction live in real time via the internet and to bid live online. The purchase contract concluded by the knockdown obliges the Buyer to take delivery of all catalogue numbers he has purchased and to pay the total invoice amount in euros. This also applies to knockdowns resulting from incorrect entries by the bidder.
4. Bidders must register on the website www.mennraths.de. Those wishing to bid online must first provide a security deposit of € 1,000 by bank transfer to the auction account or by credit/Visa/JCB card. Interested parties make a request in their user account and then find the various options for providing the security deposit. Only once the deposit has been made/reserved will they be activated for online bidding and can participate live via the internet. For interested parties who do not purchase a horse, the deposit will be returned or the card reservation released on the next working day after the auction.
5. Registration can be deleted at any time without giving reasons; in such case, all registered data will be permanently deleted unless required for an ongoing bidding process or for handling an already completed purchase. Deletion will only occur when it is definitively certain that the data will no longer be needed. After one-time registration, a separate login with password is required for each MennrathS live plus Auction. Registration must be made by a legally competent natural person, with truthful and complete data, under a self-chosen and confidential password. The Organiser is not liable for damages resulting from misuse of a password. Legal entities may only be registered through named and authorised natural persons. Only one registration is allowed per person. A P.O. box address is not permitted. The Buyer is obliged to keep registration data up to date. Damages resulting from incorrect or outdated data are borne by the Buyer. Data transmission is encrypted for maximum security. The Organiser undertakes to treat data with strict confidentiality. Customer data will only be disclosed where required by law or for the fulfilment of the contract. Raulf Auktionen GbR collects and stores the Buyer’s data necessary for business processing. The Buyer may request information at any time about the personal data stored about him.
6. The Organiser is entitled – even without giving reasons – to block IP addresses for the MennrathS live plus Auction, to exclude persons entirely from the auction, and to remove any bids they may have placed from the ongoing auction. Re-registration – even indirectly through third parties – after an exclusion is only permitted with the express consent of the Organiser; otherwise, the excluded person is liable for all costs and damages resulting from his re-registration and (the prevention of) his activities on the Organiser’s auction platform.
7. The Buyer successful via the internet must, immediately after the knockdown and receipt of the invoice

sent to the email address provided, pay the invoice amount within three working days. Payment can only be made by bank transfer to the bank account stated on the invoice or in cash. The Buyer has no entitlement to pay by cheque. The Buyer bears any costs of payment transactions. Payments in foreign currencies will be accepted according to the exchange rate on the settlement date and credited in euros by a major bank, with any differences due to exchange rate fluctuations borne by the Buyer.

8. For Buyers successful via the internet, the risk of any damage or accidental loss passes – regardless of the time of transfer of ownership – already upon knockdown. There is no right to delivery of auctioned horses until full payment of the total invoice amount for the catalogue numbers purchased in the auction plus any accrued costs and interest. Any deviation from this payment method is only permitted with prior written agreement with the Organiser. In the case of purchase for a third party, the Buyer is jointly and severally liable with such third party. If, at the Buyer's request, the invoice is issued in the name of a third party, the Organiser thereby only recognises an additional performance obligation of that third party; no further rights are granted to that third party. The Buyer's liability remains unaffected.

9. Transport of auctioned horses is either by self-collection or by a carrier appointed by the Buyer, after the total invoice amount has been credited to the Organiser's account.

10. The Buyer is in default of payment at the latest five working days after knockdown or receipt of the invoice, without the need for any further reminder or request for payment. In case of default of payment or refusal to take delivery of the awarded catalogue numbers, the Buyer loses his rights from the knockdown. In this case, the Seller has the right to sell the horse not taken over by private treaty. The Buyer in default is liable for any difference between the purchase price and the knockdown price.

11. German law applies to this public auction. It is a freely accessible public auction within the meaning of § 383 (3) BGB and § 474 (1) sentence 2 BGB, in which the horses/goods are sold as used goods within the legal meaning. The provisions on consumer goods sales (§§ 474 et seq. BGB) do not apply.

12. Should one or more provisions of these auction terms be wholly or partially invalid, the validity of the remaining provisions shall not be affected. The invalid provisions shall be replaced by valid provisions that come closest in economic content and purpose to the invalid provisions. The same applies to contractual gaps. In the event of differences of interpretation between texts in multiple languages, only the German version is binding. Place of performance and jurisdiction for commercial transactions is the seat of the Organiser.
